

**ENTREPRENEURS
Can Change
The World!**

This is Bounce, and this is Rainbow.

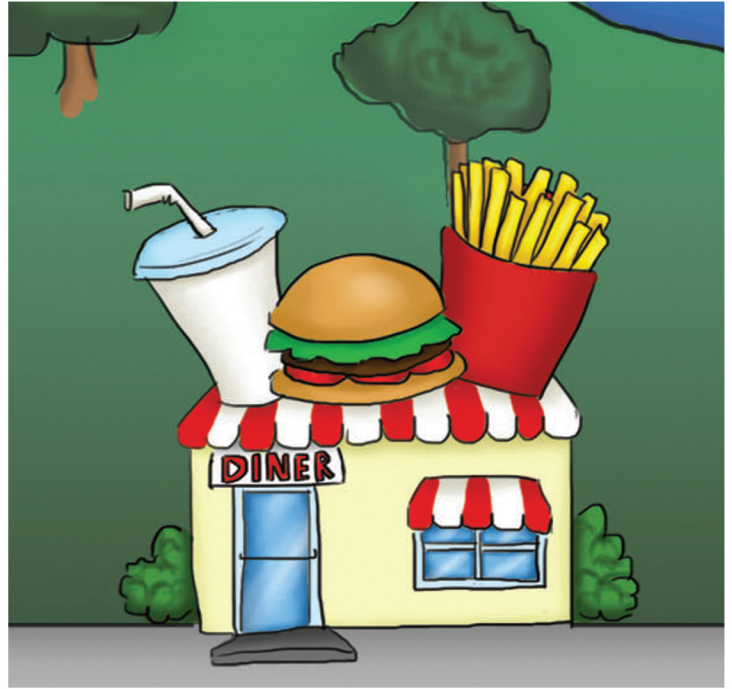

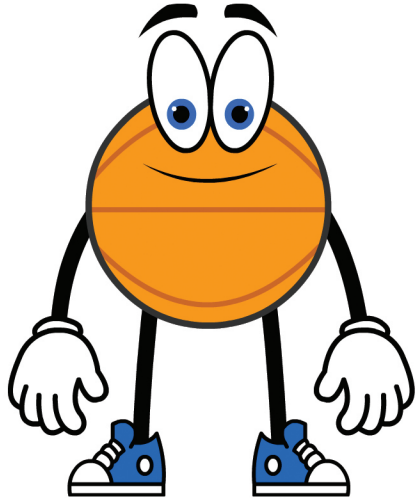

They like going to the stores in their neighborhood.

**Did you know that many of the stores in your neighborhood are businesses that were created and run by Entrepreneures?
What is your favorite neighborhood store?**

Bounce loves the restaurant that serves delicious burgers and ice cream shakes.

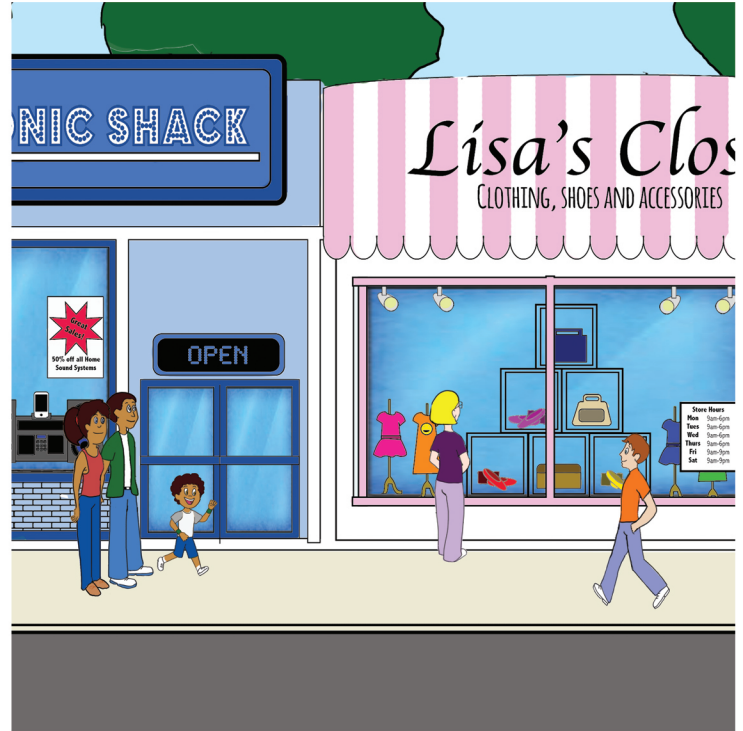

Rainbow's favorite store is the supermarket because she loves to cook.

An Entrepreneur built each of these businesses.

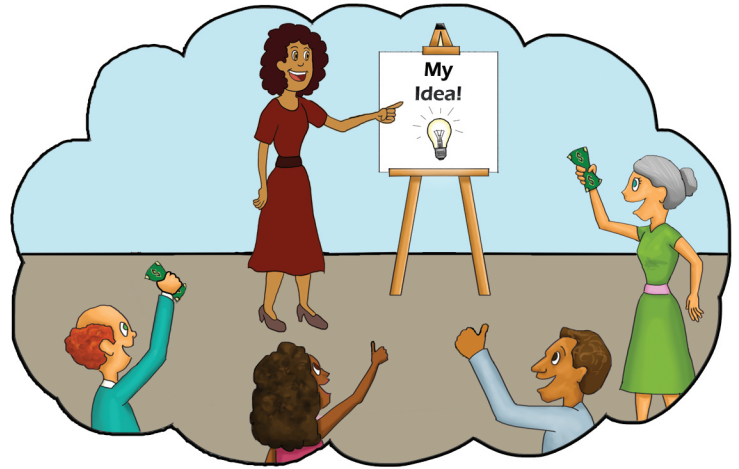

An Entrepreneur is someone who builds a business based on a new idea or a new way of doing things.

**Bounce and
Rainbow want to be
Entrepreneurs some day.
Do you want to be an
Entrepreneur?**

**Entrepreneurs need to plan
and work very hard to make
their ideas a reality.
It can be really fun too!**

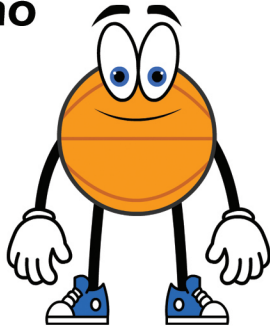

Why do you think an Entrepreneur created your favorite store?

What skills do you think an Entrepreneur needs to start and run a business?

**To start and run a restaurant,
Bounce thinks an
Entrepreneur needs to be
really good at teamwork.
Bounce knows it takes
a lot of skill to manage all the
important people who
work in a restaurant.**

Rainbow thinks that to start and run the supermarket, an Entrepreneur needs to be really good at organizing. They need to order the right type of fruits and the right number of fruits for all their customers. They also need to arrange the fruit so customers can easily find what they need.
